

III. BPE's O.M. No 6/8/81-BPE (GMI) dt. 27.06.1981

**Reservation of posts in Public Enterprises for ex-servicemen and dependents of those killed in action**

The undersigned is directed to refer to this Ministry's O.M. of even number dated the 22nd January, 1980 on the subject mentioned above and to say that in spite of various measures, taken by the Government in this behalf, it is felt that the progress of the absorption of ex-servicemen in various Public Sector Undertakings has not been quite satisfactory. The matter has been examined and Ministry of Industry, etc., are requested to advise the Public Sector Enterprises under their administrative control to take the following steps in the matter:

- (i) Public Sector Undertakings may be asked to identify the posts where ex-servicemen could profitably be appointed. A comprehensive list of these posts, together with their pay scales and qualitative requirements, may be forwarded by the Public Sector Undertakings to the Director General Resettlement, Ministry of Defence, to enable him to sponsor suitable persons for these jobs.
- (ii) Public Sector Undertakings may give preference to ex-servicemen for appointment to the posts in their security departments.
- (iii) Public Sector Undertakings may be advised that when suitable ex-servicemen are not made available by the local Employment Exchanges for filling up the reserved vacancies in Groups 'C' and 'D' posts, they may write to the Directorate General Resettlement for sponsoring suitable ex-servicemen against such posts.
- (iv) Public Sector Undertakings may be asked not to dis-reserve any vacancy reserved for ex-servicemen, unless a non-availability certificate is given by the Directorate General Resettlement.
