Security Arrangements in Public Enterprises.

Ministries are aware that a force called the Central Industrial Security Force has been constituted under the Ministry of Home Affairs for the security of industrial undertakings of the Central Government.

2. The question of evolving a uniform procedure in regard to the deployment of the Force and in providing security arrangements in the various undertakings has been under consideration of the Government particularly with a view to ensuring better coordination between the I.G., C.I.S.F. and the administrative Ministries / Public Enterprises. It has been decided that the following steps should be taken in this regard.

i. There should be close Association between CISF and a Public Enterprise, right from its inception. In other words, as soon as a new Enterprise is sanctioned about such sanction should be sent automatically to the I.G., CISF so that he can start liaison from the very outset, with the connected officials in the Ministry concerned and the Chief Executive of the project as soon as he is appointed.

ii. No new Enterprise should appoint its own Watch and Ward or security staff, even during construction stage, unless a clearance has been obtained from the I.G., CISF that he is not in a position to take over the security functions of the Enterprise from the very beginning.

iii. Whenever an investment decision is cleared at the level of the Public Investment Board an intimation that such a project has been cleared, should be sent to I.G., C.I.S.F.

3. Ministries etc. are to take necessary action accordingly.
