OFFICE MEMORANDUM

Subject: Review of performance of Navratna and Miniratna enterprises – grant/
divestment of status thereof.

The undersigned is directed to refer to this Department's O.M. No.DPE-4(8)/2000-Fin. dated the 13th June, 2001 wherein the decision of the Government that the performance and status of the Navratna and Miniratna enterprises will be reviewed from time to time was communicated to all concerned.

2. It was also mentioned therein that the Apex Committee would lay down a format for such a review. A format for reviewing the performance of Navratna/Miniratna PSUs has since been drawn up and a copy of the same is enclosed (Annexure-I). Annexure II & III provide necessary procedure and guidelines for grant of Navratna status to the PSUs.

3. All the administrative Ministries/Departments are requested to advise the Navratna/Miniratna PSUs under their administrative control to complete the format at Annexure I and forward it to DPE through the administrative Ministry/Department latest by 15th April, 2002 so as to enable this Department to fix the performance review meetings.

4. The administrative Ministries/Departments may also indicate the specific cases, if any, of CPSUs under their administrative control which in their opinion need to be granted enhanced status of Navratna. Such proposal(s) with specific details in the prescribed proforma may kindly be submitted by 31.3.2002 for consideration.

(A.K. Rath) 15.3.02

Joint Secretary to the Govt. of India

D The Composite Score for the PSU (as per Annexure II)

Note : The terms used here will have the same meaning as used in the Public Enterprises Survey.

FORMAT FOR GRANT OF NAVRATNA STATUS

Eligibility

The PSUs which are **Miniratna I, Schedule 'A'** and have obtained 'excellent' or 'very good' **MOU rating** in three of the last five years are eligible.

'Composite Score' of performance to be 60 or above

In order to review the performance of the PSU, a composite score based on its performance for the last three years would be calculated. For calculation of composite score, 6 performance indicators have been identified based on their general applicability to the PSUs. The performance indicators have been chosen so as to capture the performance of PSUs irrespective of their belonging to manufacturing sector or services sector. The 6 identified performance indicators are:-

	(Maximum Weight)
	100
1. Net Profit to Networth	25
2. Manpower Cost to total Cost of Production or Cost of Services	15
3. PBDIT to Capital employed	15
4. PBIT to Turnover	15
5. Earning Per Share	10
6. Inter Sectoral Performance	20

In order to assess the performance of the PSU as per the above indicators and provide score on uniform basis, 'Evaluation Scale' for each of these 6 performance indicators have been devised. In respect of these indicators, corresponding to each indicator, categories have been designed so as to provide score in between the maximum score. The provision for grant of negative score have also been made. These categories for each of the performance indicators have been devised after taking into consideration the performance data for the PSUs particularly for the last three years.

For Inter Sectoral performance, it is considered that within sector, performance may be based on the net profit to net worth in % age. The ranking of the PSUs within the sector can be attempted and based on the rank of the PSU, a score can be calculated. Top ranking five PSUs can be given score of 20, 16, 12, 8, and 4 respectively. Zero score would be given to other PSUs having rank below provided where the value of Net Profit to Net worth ratio is positive. However a negative score of '-4' would be given to those PSUs having negative ratio. The 'Evaluation Scale' fixed is given in the enclosed Evaluation Sheet (**Annexure-III**).

To calculate the composite score for a PSU as per the above indicators and the Evaluation Scale, the performance indicator which is the simple average of the corresponding data of the PSU for the last 3 years would be considered and the score would be provided as per the Evaluation Scale. The sum of the scores for each of the performance indicators would constitute the composite score of the PSU.

The cases where the Composite Score is 60 or above, would be placed before the Apex Committee for their consideration and recommendations. A minimum limit of 60 has been kept after taking into consideration the actual 'Composite Score' obtained by the PSUs particularly the Navratna PSUs. The limit of 60 is considered as a realistic level.
