10. Work Experience :

I am a *Fellow of the Institution of Engineers, Fellow of the Indian Institute of Materials Management* and a *Chartered Engineer*.

My entire *career, of 38 years*, has been in the field of *management/administration*, railway operations/industry, public affairs and *public procurement & materials management including inventory management*. I have vast experience in *Man & Asset management, Workshop management, Project management, Rolling Stock management & Railway operations with emphasis on Reliability and Economy, Materials management including purchase & inventory management, Purchase of M&P and materials, Investments & Budgetary Control, Transfer of technology to other country, R&D, and, teaching Mechanical Engineering undergraduates & graduates*. I have also been exposed to *third party trading* abroad.

In my last charge, I was part of the *apex level decision making and policy formulating* body of the Indian Railways and directly *in charge of the Mechanical Engineering department* (design, *manufacture*, maintenance & operations of coaches, wagons & locomotives) and *Stores department* (*materials management including all procurement & inventory control*). The *production units of IR*, like ICF, RCF, DLW, DMW, RWF etc. functioned under my control. I was also the administrative secretary for a number of *Public Sector Undertakings* like RITES (internationally recognized consultants and exporters of rolling stock and related products & services) and Burn Standards Ltd. and Braithwaite Ltd. (industrial units).

i) Last 10 years work experience, in brief, is tabulated below (Details in Annexure I):

S.No.	Organization/ Institute	Post Held	Period (From - To)	Nature of Work/Area of Specialization
1	Railway Board, Ministry of Railways, New Delhi	Member (Mechanical), Railway Board And Secretary Govt. of India, Ministry of Railways	Nov.'13 to Nov.'14	Member of corporate decision making body of Indian Railways and apex level overseeing of design, manufacture, maintenance & operations of locomotives & rolling stock, factories & PSUs of IR, and materials management.

Alu fubur
